

SOUTHERN BOATING

CENTER CONSOLES WITH AN ACCENT ON ELEGANCE

Frauscher 686 Lido

PHOTOS COURTESY OF LUXE MARINE

Although a distinguished luxury boatbuilder for the last 75 years, Frauscher boats have not been seen on our shores. Luxe Marine changed all that at this year's Miami boat show bringing several models to the U.S. The 686 Lido exemplifies Frauscher builds with its powerful performance, detailed craftsmanship and superior technology. Its smart lines give it a distinctly modern look. Ideal as a luxury tender or for elegant day cruises, the 686 Lido features a lounge and sun pad aft along with seating to both sides forward of the console. Like all Frauschers, every 686 Lido is individually handcrafted in Austria and finished with stainless steel fixtures, high-quality artificial leather upholstery and teak decks.
